

280 SERIES

Specification Sheet | 8" Dia X 42" Tall Concrete Bollard With Flat Top

Wayne :: Tyler

Order Date: _____

Project Name: _____

Project Location: _____

Fixture Type: _____

CONSTRUCTION

Luminaire: Constructed from heavy-wall cast aluminum, the luminaire features a 45-degree cutoff louver, cylindrical opal acrylic lens, flat concrete top, and stainless-steel fasteners. The louver is finished with a durable baked polyester powder coat. The LED array includes an integral driver. ETL listed for wet locations.

Bollard Base Construction: High-strength cast concrete reinforced with integral steel rebar. Supplied with stainless steel inserts for luminaire attachment and anchor bolt mounting. All Wayne Tyler concrete products are factory-sealed with a moisture barrier additive to protect against rebar corrosion and prevent cracking due to freeze-thaw cycles. Stainless steel anchor bolts standard.

Non-Illuminated Bollard Construction: One-piece, high strength cast concrete reinforced with integral steel rebar. Cast-in scoring creates a simulated grille pattern to complement illuminated bollards. Plain score free configurations are available as a modification.

SELECTIONS

SERIES	CCT/CRI/LUMENS*	VOLTAGE**	CONCRETE COLOR***	CONCRETE TEXTURE	LOUVER COLOR***	OPTIONS
280LED17W	3K (3000K) 80 (1480 Lumens)	UNV (120V/277V)	MW (Mission White)	AE (Acid Etch)	MSV (Matte Silver)	AG (Anti-Graffiti)
	4K (4000K) 80 (1380 Lumens)		NT (Natural)	LSB (Light Sand Blast)	GSV (Gloss Silver)	CE (Custom Embossed)
